

Anthropic Startup Program

We're pleased to welcome the Glasswing Ventures portfolio to start building with Claude—Anthropic's [family](#) of state-of-the-art models that offers frontier performance, best-in-class vision capabilities and cutting-edge features. Choose from Claude Sonnet, Opus, and Haiku to find the right mix of speed, intelligence, and cost for your use case.

- **Claude 3.5 Sonnet:** Our most intelligent model to date, priced for high-volume use cases
- **Claude 3 Opus:** Powerful model for complex tasks that excels in sight-unseen scenarios
- **Claude 3.5 Haiku:** Fastest, most cost-effective model preferred for scaled tasks

We look forward to seeing what you build with Claude!

What's Inside

Account team

Please fill out [this](#) form and someone from Anthropic will reach out to learn more about your use case and ensure you have everything you need to be successful with Claude. You will also receive:

\$1,500 in Anthropic API Credits

If you have not already, please sign up directly at console.anthropic.com to get immediate API access. Please note that these credits are only applicable on our first party API and not Amazon Bedrock or Google Cloud's Vertex AI.

Immediate access to higher rate limits ([Tier 4](#))

To mitigate against misuse on our API, we've implemented limits on the Anthropic API. Program members will gain immediate access to our [Tier 4](#), bypassing our mandatory wait period.
